Deb –

Megan Garvey is looking for an update of oil & gas topics for use in the upcoming meeting between EPA and IOGCC. The RAs (and staff if needed) from R3, R5, R6, R8 and R10 to meet with IOGCC reps in Denver from 10am-2pm on 7/19/19 to complete and sign a new MOU between the two organizations (the current MOU expires in Aug).

Attached is the briefing book created for the most recent IOGCC meeting so R8 staff/management can start with this attachment and Track Changes to show where there have been changes or new topics added.

Megan would like this by 7/5. You could have offices send me their markups and I can combine into a single R8 submittal to Megan if you are in agreement with that approach.

Thanks,

**Cindy Beeler**

**Subject:** UOG POC: Updates and New Matters Requested by 7/5 - IOGCC Briefing Book

Good afternoon, UOG POC:

We are preparing for our July 19 meeting of the EPA-IOGCC Task Force. Accordingly, I request your review of the attached IOGCC Briefing Book and ask that you add any revisions or new matters to the Book by **Friday, July 5**. You may send me red-lined edits in the attached book (or in a separate Word doc) or in the body of an email. Whatever is easiest for you. Please coordinate within your office and region, as necessary.

You provided updates at the end of April/early May, so I am hopeful that this process will not be too time-consuming for you. You may not have any updates to add. If you have *new* matters to add, I am happy to work with you to write them up. Just let me know.

Thank you for your continued engagement in this effort. I appreciate all your time and energy and I am certain these updates will add value to our meeting next month and the broader EPA-IOGCC relationship. This Briefing Book is also so helpful to brief folks on general, oil and gas matters (outside the IOGCC context).

Thank you, Megan

Megan E. Garvey
